ESCAPE
TO THE FARM

Welcome to Escape to the Farm

When you think of a farmhouse you think of the traditional country style property, fit for practical purposes. That was the case until this farmhouse collided with a talented artist.

Unrecognised in her talents, this is a masterpiece of her creativity with hand painted murals sprawling across the bedroom walls.

This wedding accommodation promises to push the boundaries of your imagination. Very much still a working farm mixed with the unique.

About us

Royle Farm is a fifth generation working farm. Our background as a farming family originated from dairy farming.

In 2003 we began to diversify the farm and plant the forest that now hosts the Royle Forest Wedding Venue.

Escape To The Farm is designed to challenge the imagination, whilst still holding true to our farming background.

Expect to see sheep, horses, cats and the odd dachshund or two!

The Farmhouse

a farmhouse with a twist

Dragon Room. Sky Room. Nursery Room.

3 rooms. sleeps 6

Dragon Room

Not for the faint-hearted

The Inspiration

Yes, that is a dragon you see! And he has a name: "Fright". The dragon has been painted by the creator herself spanning across all of the walls to envelop this stunning room.

Rumour has it that "Fright" was discovered when the farmhouse was renovated and an old newspaper was found in the chimney. Keep an eye out for the story of "Fright" on the wall.

This room will come with a private bathroom including a shower.

Nursery Room

for the playful

The Inspiration

When brainstorming design ideas for each room our hidden artist would often look into the past for inspiration.

For centuries this room was typically used as the nursery. Keeping true to its original history, you can expect a room full of colour and playful décor.

This room will come with an indoor jacuzzi bath for 2 people in the ensuite.

Sky Room

an artist's masterpiece

The Inspiration

This room is a masterpiece of hand painted murals spanning the walls and beams. The suite is located high on the 3rd floor of the farmhouse with stunning views across the gardens, therefore the "sky room" was a natural fit showcasing the sky's inhabitants.

This room will come with an indoor jacuzzi bath for 2 people in the ensuite. A grand 4 poster bed is guaranteed to add a special touch to your guests stay.

How long is the accommodation for?

The accommodation is for 2 nights. This is designed so that you can come to the venue from 1PM the day before, put your finishing touches on the venue and then make your way up to the accommodation to start the celebrations in the hot tub. Check-in to the accommodation is between 5PM - 6PM on the day before the wedding. Check-out is by 11AM the day after the wedding.

What about food and drink on the night before?

The bears lair comes with a fully working kitchen so if you would like to cook something during your stay. If you would like a caterer to provide dinner then you can also arrange this. If you would like the fridge stocked with beer / champagne / prosecco or wine we can arrange this at an additional cost - you can also bring your own.

Are dogs allowed in the accommodation?

Unfortunately pooches are not allowed in the accommodation.

I want different friends or family to stay on the night of the Wedding?

If you would like the rooms changing over once you have gone down to the wedding venue so that you can have different people stay in the accommodation on the wedding night then let us know and this can be arranged.

We do not want the accommodation however some of our guests would like to stay?

We are happy to rent this out to your guests as long as the cost is taken by one person in full and then arranged between themselves.

Continued..

How does payment work?

The accommodation is private to Royle Forest, payment would be made in whole for the accommodation 3 months prior to your wedding date.

We take one payment from one person.

I want more people to come to the accommodation to get ready?

Not a problem, if you would like more people to join you to get ready then you can invite them to use the bears lair and the dressing area to get ready with you.

How do I get to the venue from the accommodation?

The venue is only a short distance from the accommodation, however especially with a dress we recommend a designated driver to drop you off at the venue. If walking back at night make sure you have a change of shoes for a comfy walk.

Is the accommodation suitable for wheelchairs?

With the accommodation being very old buildings based from the 1600's we have not been able to cater for wheelchairs. We recommend the dragon and nursery room for elderly guests, located on the 1st floor or the Bear's Lair which is ground-floor only.

A bouquet of flowers, including roses and white daisies, is arranged in two decorative ceramic vases. The vase on the left is white with a red grid pattern and a stylized face with orange-rimmed eyes. The vase on the right is orange with a white grid pattern and a stylized face with black eyes. The background is a light-colored wall with a window on the right.
